

STANDARDS OF ASSOCIATION OF POWDER PROCESS INDUSTRY AND ENGINEERING, APPIE

(Jan. 2016)

No.	Reference	Document title	Publish	Revision	Note
1	MAP 01-83	Guidance for use of bagfilter	1983		
2	MAP 02-84	Guidance for safety design concerning dust explosion of bagfilter	1984		
3	SAP 01-79	Determination of bulk density of granules	1979		G 004
4	SAP 02-82	Determination of apparent density of granules	1982		G 005
5	SAP 05-98	Guide-line for description of the specification format concerning powder materials	1998	2013	
6	SAP 06-98	Guideline for the description of the specification format concerning powder processing materials and equipments	1998		
7	SAP 08-99	Test sieves - Test sieves of bolting cloth	1999		
8	SAP 09-94	Reference powders	1994		
9	SAP 11-05	Reference powder for specific surface area	2006		
10	SAP 12-10	Test method for minimum ignition combustible dust/air mixture	2010		
11	SAP 13-11	Test particles for research and particle size distribution measurement apparatus for submicron size range	2011		
12	SAP 14-12	SAP test powder 3	2012		
13	SAP 15-13	Direct shear testing method of powder bed	2013		
14	SAP 16-13	Evaluation method for mixing characteristics of powder mixer by brightness measurement	2013
